

# NX

Built for response and comfort – the NX series combines the secure fit and control of a traditional strap binding with features that make riding easier, smoother, and more fun – all day long. The NX LGCY offers a smooth, versatile flex that's perfect for riders who want a comfortable, forgiving feel for all-mountain progression. The NX TEAM, trusted by HEAD's team riders, delivers maximum precision, stability, and response – ideal for powerful freestyle and aggressive all-mountain riding.

**FAST ENTRY**

with Auto Open Straps allows for easy step-in and prevents stepping on the straps.

**CUSTOMIZED SUPPORT**

Adjustable highback flex to match your riding style.

**SMOOTHER RIDE**

Dampiflex base for less vibration and better board feel.
