

RX

Built for reliability and effortless convenience – the RX series pairs all-mountain performance with HEAD’s Reclining Highback technology for the fastest entry and exit on snow. Perfect for riders who want to ride more and strap less, without giving up comfort or control.

At the top, the RX TEAM blends premium materials with Dampiflex for a smoother ride, Forward Lean Adjustment for a personalized stance, and reinforced buckles for extra durability.

For added comfort, the RX TWO features a Full Cover EVA Baseplate that cushions impacts and softens every landing.

Easy and intuitive, the RX ONE offers a forgiving flex and simple handling for new riders or relaxed cruising.

Tailored to women, the RX FAY I comes with a women-specific highback for an anatomical fit and better support.

- RECLINING HIGHBACK**
lets you slide in fast and ride with full support without constant strapping.
- TAILORED COMFORT**
Options from Toe & Heel Pads to full covered EVA Basepads.
- PERFORMANCE CHOICE**
From smooth, beginner-friendly rides to pro-level response with adjustable stance and dampened feel.
